

MEMORANDUM FOR: Recipients of the "Quarterly  
Statistical Report"

Some of the high figures in this quarter's report need some explanation. Almost half of the documents sent out under the heading of "Finished Intelligence" were copies of "The World Factbook--1983." The large jump in the numbers of maps and biographic reports sent out are due to the number of CODELS this past summer, and many of the requests were for multiple copies. The SSCI has asked to receive routinely all DDI finished intelligence, which explains the increase in the number of documents they received.
